

Karen L. Siefert

303.517.5105

As a practicing architect for over 30 years and the owner of a small architectural firm for 12 years, Karen has experience in all aspects of design and construction. Although her primary focus has been on custom and production residential work, she has used her talents on a diverse range of projects, including hospitality, retail, commercial, and institutional.

Karen has worked with an extensive list of homebuilders, developers, contractors and homeowners to produce highly successful residential projects. Acting as team leader on many of these projects, she concentrated on providing fully integrated services to clients, and working closely with other team members and consultants.
